Blocks

Minecraft Seed: `1738801`

Do an online image search for “Herod’s temple”.

Look really carefully at the pictures. How has it been built? What materials have been used?

Now try to recreate it carefully in Minecraft. Make sure it is beautifully decorated.

Alternatively, think of an iconic building, such as the Eiffel Tower, Statue of Liberty or Tower of London. Try to recreate one in Minecraft as accurately as you can.

Do these buildings (the originals, not your amazing builds!) represent God or human power? What did Jesus think?

Bricks

Look up images of Herod's Temple, or another iconic building, and try to recreate it with the materials available to you.

It would be better to do a small part carefully than take on too much, as you should be proud of what you create.

Do these buildings (the originals, not your amazing builds!) represent God or human power? What did Jesus think?

Prayer

The Jews were told their precious Temple, which now symbolised turning away from God, would be destroyed, and not only that, but they would have an awful time while they were waiting for it to happen! But there is also the promise that Jesus will be with them through it all, caring for them, because they have chosen to follow him.

Pray for anyone who is being treated badly for their beliefs. Maybe you have sometimes felt uncomfortable because you are Christian. Pray that you will always feel Jesus is with you.
